The Warrior Training Alliance

The Warrior Training Alliance (WTA) is a coalition of proven industry leaders from across the Army training spectrum, including more than 40 premier small businesses.

Established by Raytheon Technical Services Company LLC and Computer Sciences Corporation to pursue the U.S. Army Program Executive Office, Simulation, Training and Instrumentation Warfighter Field Operations Customer Support program, the WTA comprises companies dedicated to providing integrated training support to the warfighter.

Proven Live, Virtual and Constructive Performance

The WTA currently delivers training life-cycle contractor support at 85 percent of the U.S. Army's live, virtual and constructive (LVC) training sites worldwide, including major training centers, providing flexible integrated solutions to meet warfighter needs.

The WTA leads training support at Combat Training Centers, and has completed more than 360 rotations. The WTA's member companies deliver the majority of LVC training services to the U.S. Army, providing more than 550 million soldier training hours at major training centers and hundreds of sites worldwide.

The Warfighter's Integrated Solution

We deliver functional enhancement and significant cost improvements while adapting readily to mission requirements.

The WTA provides innovation, improvement, and skilled integration of LVC training environments. The alliance also offers the Army diverse, proven experience in creating flexible, integrated solutions to meet the warfighter's needs.

The WTA is committed to improving warfighter readiness today and in the future.
